## СВЕДЕНИЯ О КОМПАНИИ GRACO

Компания Graco, основанная в 1926 году, является мировым лидером по производству систем обработки поверхностей с помощью жидкостей и прочих компонентов. Изделия компании Graco перемещают, измеряют, контролируют, распределяют и доставляют широкую гамму жидкостей и текучих материалов, применяемых для смазки в транспортных средствах, а также в промышленных и коммерческих устройствах.

Успех компании основан на ее приверженности техническому совершенству, качеству продукции на мировом уровне и безупречному обслуживанию клиентов. В тесном сотрудничестве с квалифицированными дистрибьюторами компания Graco предлагает системы, продукцию и технологии, определяющие стандарты качества в широком диапазоне оборудования для работы с жидкостями. Компания Graco поставляет оборудование для распыления отделочных материалов, защитных покрытий, перемешивания красок, смазки и нанесения герметика и клеящих материалов, наряду с мощным оборудованием на электрическом приводе. Постоянные инвестиции Graco в развитие технологий управления и контроля текучих сред позволяют непрерывно разрабатывать новаторские решения для удовлетворения самых разных потребностей мирового рынка.
